

Faculty Technology Enhanced Learning Group

We are Learning Technologists based in the Departments and Faculties. We have come together to explore how some of the latest technologies and tools can be used to augment teaching and learning. Current interests include Apps and Mobile-Learning, ePortfolios platforms, Crowd Source Voting systems, Open Badges, Augmented Reality and student digital video creation for Peer Assisted Learning.

Rachel Applegate
Faculty of
Engineering and Design

Keith Brown
Department of
Pharmacy & Pharmacology
